EXAMINER'S AMENDMENT

In the Claims

Claim 38, immediately after "38." – (Original) – has been inserted.

Remarks

This change 38 was approved during the telephone interview on 29 April 2004.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The Rightfaxed letter of 30 April 2004 and the claims therein have been entered.

The examiner appreciates the effort expended in preparing that set of claims.

Claim 1, which is representative of the invention, covers an oxygen-scavenging polymer composition consisting essentially of:

- a) an* ethylene/vinyl alcohol copolymer;
- b) an* oxidizable epoxy or anhydride functional polybutadiene; and
- c) a* metal salt catalyst.

The examiner interprets "an" and "a" to mean "at least one".

Claims 15, 19, 24, 27, 29, 32, 33, 39, and 41 deal, respectively, with multilayer/-shaped articles, processes for making barrier films and processes for making multilayer articles which employ the compositions recited in claim 1.

The examiner has been persuaded by the arguments set forth on pages 2 through 7 of the 23 February 2004 response. Accordingly, it is this examiner's position that the prior art of record does not teach or suggest compositions having all of the features recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
